

**Specifications**

Speed	Up to 3,800/hour
load'n Go automatic setting	Yes
flexFeed multi-format feeder	Yes
Multiple sheet feeding	Yes
Cascade from all feeders	Yes
Number of feeders	Up to 3 feeders
powerFold folding capacity (one set, single fold)	Yes (up to 10 sheets 80 gsm)
Job memory	50
Manual feed	Yes
Document feeder capacity	325 sheets 80 gsm
High capacity document feeder 1200 sheets 80gsm	Optional
Envelope feeder capacity (C5/C6 envelopes)	325
High capacity vertical stacker up to 500 envelopes	Optional
Side exit up to 400 C5 envelopes	Optional
Fold types	Letter, zigzag, single, double parallel, no fold $\triangle Z Z \triangleleft \_$
insert'n Frank franking system integration	Optional
Document height	90-356 mm
Document width	130-230 mm
Document weight	60-250 gsm
Envelope length	90-162 mm
Set thickness	2,5 mm
Envelope width	160-248 mm
Tailor-made furniture	Optional
<b>Mail Quality &amp; Security</b>	
secure'n Feed double detection	Yes
Accumulate before folding	Yes
Barcode Reader (BCR) for 1D and 2D barcodes	Optional
Optical Mark Recognition (OMR)	Optional
Optical Character Recognition (OCR)	Optional
Mail Production Output	Optional
Tip to tip sealing	Yes
<b>Connectivity</b>	
LAN embedded	Yes
Wi-Fi embedded	Yes
Remote Assistance	Optional*
Remote Diagnostics	Optional*
<b>System Specification</b>	
<b>Standard configuration: 3 feeders with catch tray</b>	
Length x Height x Depth	1270 x 720 x 500 mm
Weight	79 kg
Noise level	66 Db

**Environmental Commitment**

The DS-75i carries Neopost's Eco-Label which aims to provide a clear and consistent set of environmental performance criteria used in the design phase of our products. Hence its automatic standby mode helps reduce energy consumption, while its recyclable packaging represents less than 20% of the total weight of the packed product.

**Remote Assistance\***

Neopost customer support is there for you; our contact center and trained technicians are ready to assist you. Neopost's Remote Assistance means a

Neopost Service Engineer can remotely view the screen of an inserter and guide the operator. Useful for novice operators or temporary staff not familiar with the system, our online assistance can instantly analyze your system and provide operators with immediate answers. Neopost's Remote Assistance significantly maximizes the uptime of your system.

**Why Choose Neopost?**

Neopost is a global leader in mailing solutions, shipping services and digital communications. We believe that people are the key to business success. That's why our products and services are tailored to help your organization improve the quality of its interactions and bring people closer together.

In this age of multichannel communications, we guide and empower you to interact in new and innovative ways. We advise you on how to create cost-cutting synergies. And we deliver global coverage with a strong local presence, offering you continual support by phone, onsite or online.

Today, Neopost is present in 31 countries and has a network of partners in more than 90 countries. We promote responsible business and sustainable development through our products and outreach programs. And our 6,200 employees worldwide are committed to making your interactions more responsive and more powerful - offering you a competitive edge that will open up a wealth of business opportunities.

DS-75i

**Intelligent and Easy Document Processing**

# Intelligent and Easy Document Processing

## Productive, Versatile & Intuitive Folder Inserter

The DS-75i combines unparalleled ease of use with advanced technology. With its compact footprint, large loading and unloading capabilities, and features like CIS scanning technology, the DS-75i can process a wide variety of mailpieces for direct marketing campaigns, invoicing, monthly statements and many other applications. The DS-75i can be connected to your network and you can benefit from unique services such as remote assistance and remote diagnostics\* to provide help when needed. Easy to use via its full-color touch screen and unique intuitive navigation, and extraordinarily quiet, the DS-75i fits perfectly into any work environment.

## Optional Features

### Automate Your Document Processing with OMS-200 Software

Neopost's Output Management Software simplifies and automates your document creation process. So you can:

- Automatically add a barcode giving more value to your documents and guaranteeing your mail integrity with secure control marks
- Select inserts from multiple trays maximizing your options
- Split your print file based on the number of pages.

### Monitor, Secure and Verify Your Mail Production Output with OMS-500 and AIMS-500 Software

Neopost offers you the assurance that your printed jobs are accurate, complete and have actually been mailed. Output Management Software (OMS-500) applies a unique Job and Mailpiece ID to every document. Each mailpiece is then reconciled real-time as it's inserted against a database using the same AIMS-500 technology as our larger Production Inserters. This provides you with real-time quality control and detailed reports:

- 100% verification of job completion
- Real time failure detection of missing mailpiece
- Reprint Loop for missing or failed mailpieces
- Reporting on individual jobs, performance and trends.

### Complete Content Control and Security You Can Rely On

With its Contact Image Sensor (CIS) scanner technology, the DS-75i can read any type of coding such as OMR, OCR, 1D barcodes and 2D data matrix codes. And the code can be printed anywhere on the document. The scanner reads the full A4 page and the barcode can be read horizontally or vertically. This unique feature provides full flexibility to fulfill any layout requirement.

## The Complete Document Process

**1. Automated Stacker**  
The high-capacity vertical stacker holds up to 500 finished envelopes

**2. Touch Screen Display**  
Full-color 7" touch-screen enables navigation easily to create a new job or access existing jobs within seconds

**3. CIS Scanner**  
The scanner can read any type of coding printed horizontally or vertically in the document

**4. Document Feeders**  
Process multiple page sets at high processing speeds of up to 975 (3 x 325) documents using the 3 standard feeders; all feeders can be used in cascading mode and have paper sensors which ensure the operator is constantly informed on how to proceed to run the system

### A State-of-the-Art Graphical User Interface

Designed for all users, the intuitive, full-color, high-resolution 7" touch-screen provides a wizard-based user-friendly interface, making it easy for anyone to select and run their folding and inserting jobs.

Alternatively, see how easy it is to create a new job using our exclusive load'n'Go intuitive procedure. Simply load your documents and envelopes and then press the start button. The DS-75i will automatically measure the length of all loaded documents as well as the envelope in order to adjust all settings and process the appropriate mail items.

### Smart Solutions to Maximize Flexibility

The exclusive FlexFeed® tray enables you to process any document size or type. In combination with the unique semi-automatic envelope separation mechanism, this provides full flexibility for feeding a wide variety of document types. You can use practically any size and type of material to address your prospective and current customers efficiently.

### Optimize Productivity with the MaxiFeeder Tray

Choose to load the MaxiFeeder with up to 325 BRE or load up to 1,200 sheets to maximize your productivity.

## Versatile - Customize Your DS-75i to Your Needs

Offering several feeder configurations, it allows you to design and deliver attractive mailshots.

**Increase Productivity**

- High-capacity feeder
- MaxiFeeder tray
- High-capacity vertical stacker

**Process Invoices and Statements**

- 2 standard feeders
- 1 MaxiFeeder tray
- High-capacity vertical stacker

**Enhance Customer Communications**

- 1 daily mail feeder
- 2 standard feeders
- Side exit tray
