The MX-B350P compact A4 printer brings you fast, convenient printing with output speeds of 35ppm with all the speed and efficiency you'd expect from a larger device, but small enough to be used wherever you need.

With built-in wireless connectivity as standard you can unlock a whole new way of working that gets things done faster and with less wasted effort. It gives you the flexibility to work on mobile phones and tablets, as well as desktops and laptops, and place your printer in the most useful locations. Plus, with Sharpdesk Mobile, scanned documents can be easily saved to mobile devices, or you can print files stored on them.

The MX-B350P printer has a large 1,150 sheet capacity (with additional paper tray). But the standard paper tray, as well as multi bypass tray, accommodates a wide variety of paper sizes, including A6, and media up to 220gsm. So can easily handle a variety of personal or workgroup needs, while requiring very little user intervention during the day. Features that save you even more time and money include a built-in duplex module for efficiently making two-sided printouts.

The MX-B350P also includes a range of easy-to-use features: a 5-line LCD control panel which provides clear and concise information; printer driver setup window with large buttons and dropdown menus, so you can quickly find the right functions; a USB port on the front which means you can instantly print from or scan to a USB drive.

Whether you need a desk top device or a floor-standing configuration, this printer has a modern design and space-efficient, modular configuration that can fit into any work environment.
